Company will, upon request, inform Contractor of any applicable rules.	3.6	Contractor warrants that any Goods or materials which are delivered to Company as part of the Work are free and clear of all claims, liens, security interests and other rights and encumbrances of any kind whatsoever.
2.9	At Company's request, Contractor shall allow unrestricted access to its facilities or any facilities under its control to enable Company to ensure that the Work will comply with and be supplied in accordance with the Contract. 2.10	Contractor shall search for defects, discrepancies and inconsistencies ("errors") in drawings, specifications and other documents received from Company. Company may change the Deadline Date(s) or place of delivery upon giving Contractor reasonable notice in writing of such changes.	4.1	Company may temporarily suspend the performance of the Work or parts thereof, by giving written notification to Contractor. Following such notification, Contractor shall, without undue delay, inform Company of the effects the suspension will have on the performance of the Work. Contractor shall resume the performance of the Work immediately after notification by Company. During the suspension period, Company shall only compensate Contractor for documented and necessary expenses in connection with demobilisation and mobilisation of personnel. Such expenses shall not be payable to the extent the Company has suspended the Work as a result of Contractor's default.

Company shall have no other liability due to the cancellation.
3.3	If Contractor should have cause to believe that it will be unable to deliver the Work on the Deadline Date, Contractor shall immediately notify Company in writing stating the reason for the delay, the effect on the contract schedule and furthermore include a proposal on how the delay can be minimised. If the parties cannot agree on a revised Deadline Date, such failure to meet the Deadline Date shall constitute default under the Contract and the Contractor shall be liable for delay pursuant to Article 6.2.	4.3	Company has the right to order such variations to the Work as in Company's opinion are desirable. Variations may include an increase or decrease in quantity, character, quality, kind or execution of the Work or any part thereof, as well as changes to the Deadline Date or contract schedule. If Company considers that a variation is required, Company shall notify Contractor in writing. When Company requests a variation, Contractor shall without undue delay submit a written confirmation containing a description of the effects the change will have on the agreed Contract Price, the Deadline Date and contract schedule, technical requirements and specification etc. Compensation for variation work shall be valued at the rates set out in the Contract or otherwise in accordance with the original price level of the Contract. If a variation entails cost savings for Contractor, Company shall be credited accordingly. Contractor shall await Company's final written instruction before initiating the variation work.
3.4	Contractor shall bear its own costs incurred to minimise the delay unless the delay is directly caused by Company.	4.4	Disagreement as to compensation payable in respect of a variation order shall not entitle Contractor to withhold performance of the Work, and the instructed variation shall be implemented without awaiting the final outcome of the dispute.
3.5	Acceptance of the Work by Company shall not relieve the Contractor of any of its obligations under the Contract.	4.4	Company may terminate the Contract with immediate effect (on written notice to Contractor) if:

(i)	the maximum of liquidated damages have incurred or if any delay in performing the Work constitutes a material breach of Contract;	5.10	Company shall have the right at its own expense to audit at Contractor's premises all records relating to the performance of the Work for up to two years after receipt of the final invoice.
(ii)	Contractor in any other way is in material breach of Contract; or	6.	Breach of Contract
(iii)	Contractor becomes subject to an Insolvency Event.	6.1	Delay
	In the event of such termination of the Contract, the provisions of Article 8.8 shall apply.		Delay exists when Contractor fails to perform the Work in accordance with any Deadline Dates set out in the Contract or otherwise in accordance with the time limits stated in the Contract, unless the delay is caused by Company.
5. Price & Payment			
5.1	Payment shall be made within 30 days after receipt of a correct invoice complying with the Contract.		If Contractor's performance of the Services or delivery of the Goods or Rental Equipment has such defects that Company's intended purpose with the Services, Goods or Rental Equipment are substantially unsuccessful, this shall be considered as a delay for the purposes of this Article 6.
5.2	All financial settlements, billings and reports rendered to Company shall correctly reflect all activities and transactions handled for the account of Company. The data may be relied upon as being complete and accurate in any further recordings and reporting by Company or its representatives for whatever purpose.	6.2	Contractor is liable for delay pursuant to Article 6.2.
5.3	Contractor shall invoice for: (i) Goods on delivery; (ii) Services monthly in arrears; and (iii) Rental Equipment monthly in arrears during the Rental Period. All invoices shall clearly indicate what the invoiced amount relates to and shall quote the PO number or separate contract document (as the case may be) and other agreed references. Company is entitled to return invoices that do not meet these requirements.		Effects of Delay
5.4	The Contract Price is fixed and inclusive of all Contractor overhead, taxes and other burdens associated with the Work, and is not subject to escalation or any other variation other than as provided for in Article 4.3 or if agreed in writing.		Unless otherwise agreed in writing, liquidated damages shall accrue at 1.0% of the Contract Price per day or part of a day by which Contractor is delayed in complying with the Deadline Dates set out in the Contract. Contractor's maximum cumulative liability for liquidated damages under this Article 6.2 shall be 30% of the Contract Price.
5.5	Contractor shall be responsible for all costs, expenses and liabilities incurred by Contractor in connection with the performance of its obligations under the Contract.		If the delay is caused by Gross Negligence or Wilful Misconduct on the part of Contractor or someone for whom it is responsible, Company may, instead of the liquidated damages, claim compensation for the actual losses suffered due to the delay.
5.6	Company is entitled to deduct any prepayments and accrued liquidated damages against Contractor's invoices. Furthermore, any disputed or insufficiently documented amounts, as well as any amounts owed by Contractor to Company may be withheld or set-off against Contractor's invoices.	6.3	Contractor may terminate the Contract on written notice to Contractor if the delay constitutes a material breach of Contract, and in any event if maximum liquidated damages have accrued.
5.7	Failure to provide documentation evidencing that payment of tax and other levies have been paid in accordance with applicable law shall entitle Company to withhold payment until Contractor either produces such documentation, or provides satisfactory security for payment of such taxes and levies. Company may recover from Contractor at any time any liability incurred by Company as a consequence of any failure of Contractor Group to pay the required taxes and levies.		Contractor acknowledges and agrees that the rate of liquidated damages stated in this Article 6.2 is fair and reasonable in all respects and represents a genuine pre-estimate of all losses Company may sustain as a result of Contractor's delay.
5.8	Contractor shall submit a final invoice within 45 days after all Goods have been delivered and/or the Services or any Rental Periods have been completed. The final invoice shall include all claims to be made by Contractor pursuant to the Contract. The Company shall have no obligation to make payment of any Contractor invoices which are received by the Company after this 45 day period.		Defect(s) & Remedy

Interest shall run from the date on which the sum in question becomes due for payment until the date on which actual payment is made. Payment does not constitute approval of the invoiced work.	6.4	If the Goods and/or Services does not meet the requirements of the Contract, Contractor is liable for any defect(s) pursuant to Article 6.4.
			Company shall issue a written notice of the defect(s) within reasonable time following discovery of any defect(s), and in no event later than 24 months after date of delivery of the Goods and/or completion of the Services.
			Upon reasonable notice to proceed, Contractor shall promptly remedy, repair, replace or re-supply any Goods and/or Services which are defective. The time limit of 24 months as stated in the second paragraph of this Article 6.3 applies in respect of rectification work, calculated from the day the rectification work and other activities necessary to comply with the contractual requirements have been performed.
			Liability for Defect(s)
			If Contractor fails after reasonable notice to proceed promptly and diligently with the remedying of defective Goods and/or Services within reasonable time, Company is entitled to remedy the Goods and/or Services at Contractor's risk and account and charge all reasonable and documented costs to Contractor or to reduce the Contract Price accordingly, without Company waiving any other rights or remedies it may have under the Contract. Any such costs shall be immediately payable by Contractor upon written demand.

<p>Company's obligation to pay for the Goods and/or Services shall be suspended as long as the defect(s) exist.</p>	<p>(iv) in respect of any liability resulting from a failure on the part of Contractor to comply with applicable laws.</p>

Any replacement Rental Equipment which is supplied by Contractor pursuant to this Article 6.5 shall be delivered to the location where the Rental Equipment was originally delivered to by Contractor unless Company directs otherwise.</p> <p>Company shall have no obligation to make payment to Contractor in connection with the provision of any Rental Equipment where such Rental Equipment fails to fully operate in accordance with the terms of the Contract. In addition, Company shall have no obligation to make payment to Contractor for any labour supplied in connection with the provision of any Rental Equipment whilst such Rental Equipment fails to fully operate in accordance with the Contract.</p>	<p>7.2 A party shall not be considered in breach of the Contract to the extent it is proven that it was unable to fulfil its contractual obligations due to force majeure, provided always that written notification of force majeure has been provided to the other party. Each party shall cover its own costs resulting from force majeure.</p> <p>7.3 The party invoking force majeure shall notify the other party thereof without undue delay. Such notice shall also include the cause of the delay and the presumed duration thereof.</p> <p>7.4 Each party is entitled to cancel the Contract if the force majeure situation continues, or it is obvious that it will continue, for more than 60 consecutive days.</p>
